ANCED JOURNALISM CLASS

VIRGINIA JONES, Business Manager

TO THOSE WHO GAVE, WE DEDICATE THIS BOOK

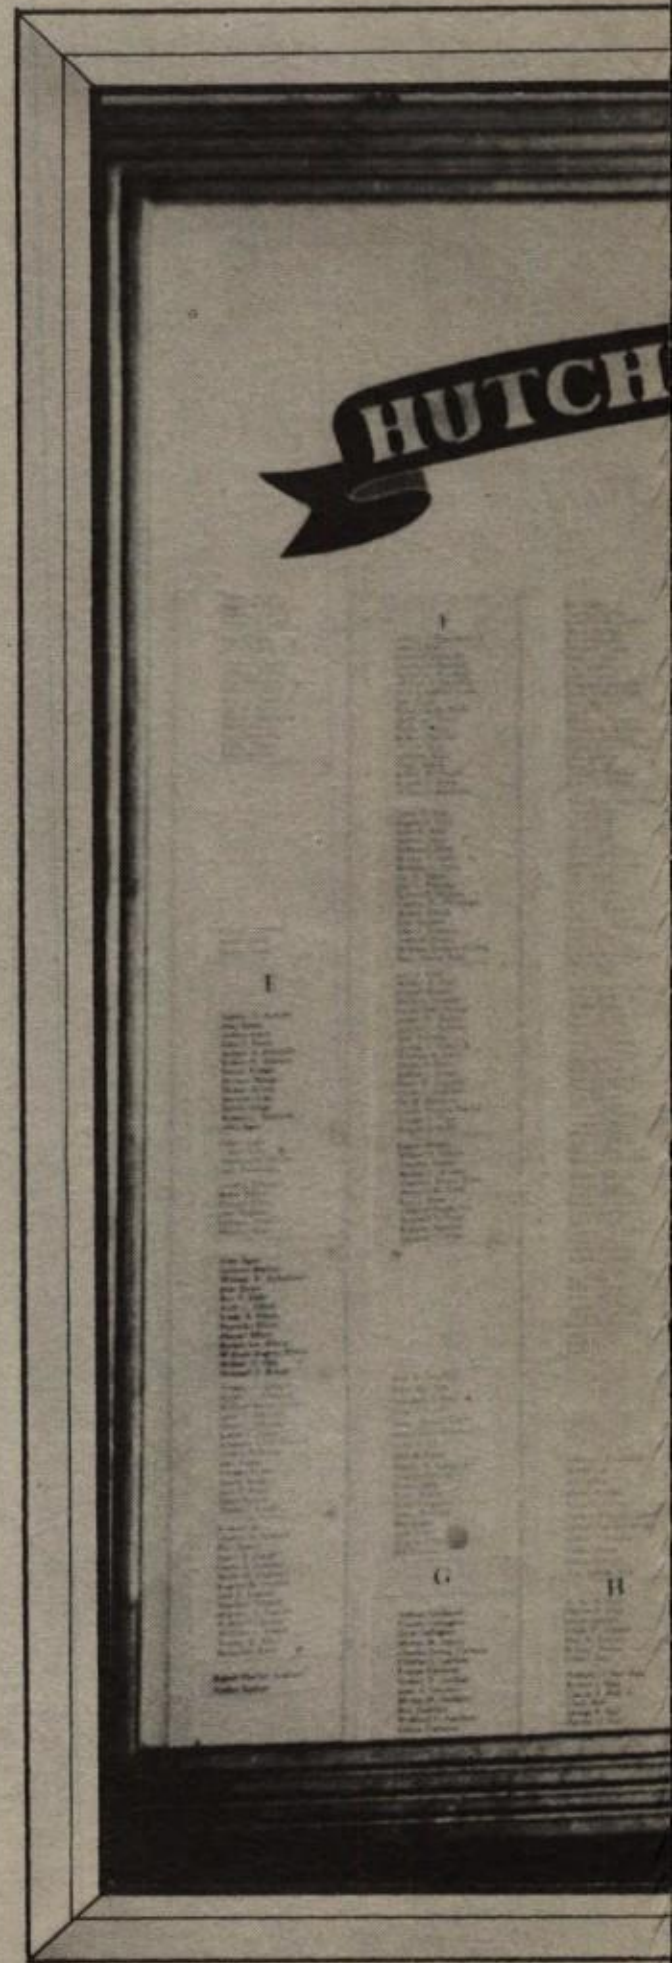

BRIGHT streams of sunlight drift across the Service Honor Roll illuminating hundreds of names and here and there a gold star. In the nearby halls stand groups of students chattering happily about tonight's game or worriedly about that "ol' exam" next hour.

While the two scenes may seem unrelated, in reality they have a close connection; for the students of yesterday whose names are embodied in the Service Honor Roll have enabled education, the light of democracy, to burn on undimmed. They have made it possible for the students to enjoy comradeship in the halls and freedom of thought in the classrooms.

All of those whose names are on the honor roll made great sacrifices. Heeding the call to defend democracy, some left educations incomplete while others had to postpone careers. To all it meant a sacrifice so great that we can never repay them.

In profound gratitude to those who have given so generously to preserve one of the foundations of a democratic world we are happy to dedicate the 1946 Allagaroo.

May you
have the
best, always!
Mama

IN APPRECIATION OF
★ THOSE WHO SERVE ★

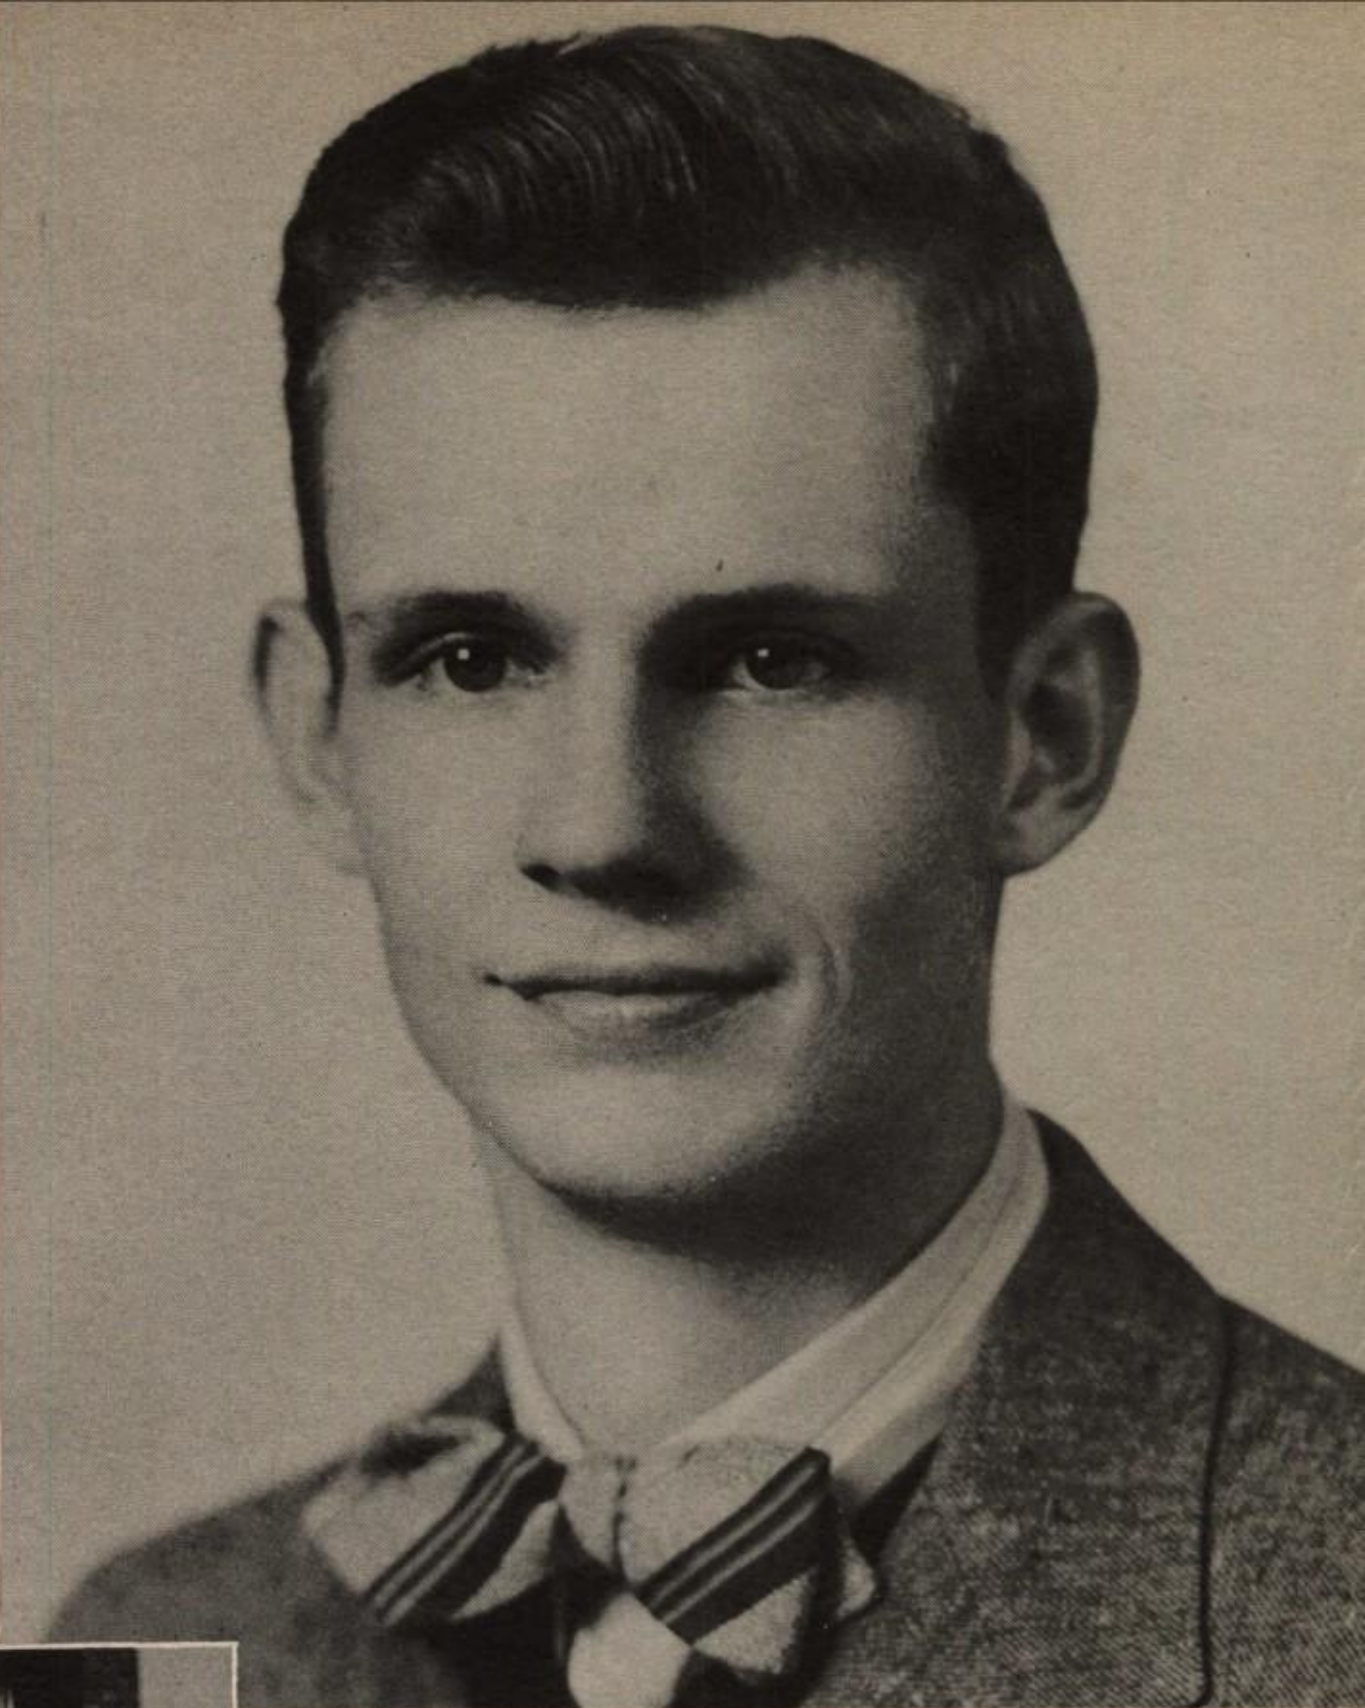

KING RICHARD

ONCE UPON A TIME there was a mythical kingdom called Allagaroo in the heart of the Salt Hawk land. The sad thing in this country was that it had no king. So one fine day the people gathered to select a monarch. Many applicants were considered and qualifications cussed and discussed. Finally Dick (Mole) Martindell, who had served in many political offices and was at present senior treasurer, was chosen King.

Then came coronation day, November 16, when Dorothy Reese placed the crown upon Martindell's head, and loyal subjects presented him with gifts. Under good King Mole the people lived happily ever after.

YOUNG AMERICAN AWARD

*Married
June '48*

Jack Campbell

JACK OF ALL TRADES and master of many would well describe Jack Campbell, winner of the Young American Award for 1946. Campbell's three years in Hutchinson high have been busy ones. He has been active in club work, in school plays, and in Student Council, both as a member and as president. In addition to this he has found time to act as narrator for the Salt Hawk Revue, head the ticket force, and help with the noon-hour program while remaining scholastically a leader.

The Young American Award was established in 1929 by Mr. C. W. Oswald, '85, owner of the American Laundry and Cleaners, to give recognition to the graduate who best typified Young America. A board of judges, composed of students, alumni, and faculty, make the selection. Each year since 1929 the award has been given to the member of the graduating class so chosen.

Mr. C. W. Oswald died in 1937, at which time his son, Mr. A. Lewis Oswald, '17, member of the same firm, became sponsor. In 1945 Charles W. Oswald, '46, became a member of the firm. This year's award is sponsored jointly by Mr. A. Lewis Oswald and Charles W. Oswald.

Superintendent W. R. Godwin

STANDING at the top of the administration pyramid is Superintendent of Hutchinson schools W. R. Godwin. To fill this difficult position and work out its many complications and still find time to take such a profound interest in what's going on in the various class rooms takes a keen knowledge of human nature as well as sound judgment and good common sense. Superintendent Godwin possesses these qualities in abundance, and his third year in the Hutchinson school system finds him much admired and respected by the people of the community as well as the teachers and pupils under his jurisdiction. Besides carrying on the routine duties of his job, Superintendent Godwin does many outside things such as speaking before clubs and organizations to inform them about the problems in education of today's youth.

Superintendent Godwin is a graduate of De Pauw university and has his master's degree from the University of Chicago. He held the position of superintendent of schools at La Porte, Indiana, before coming to Hutchinson.

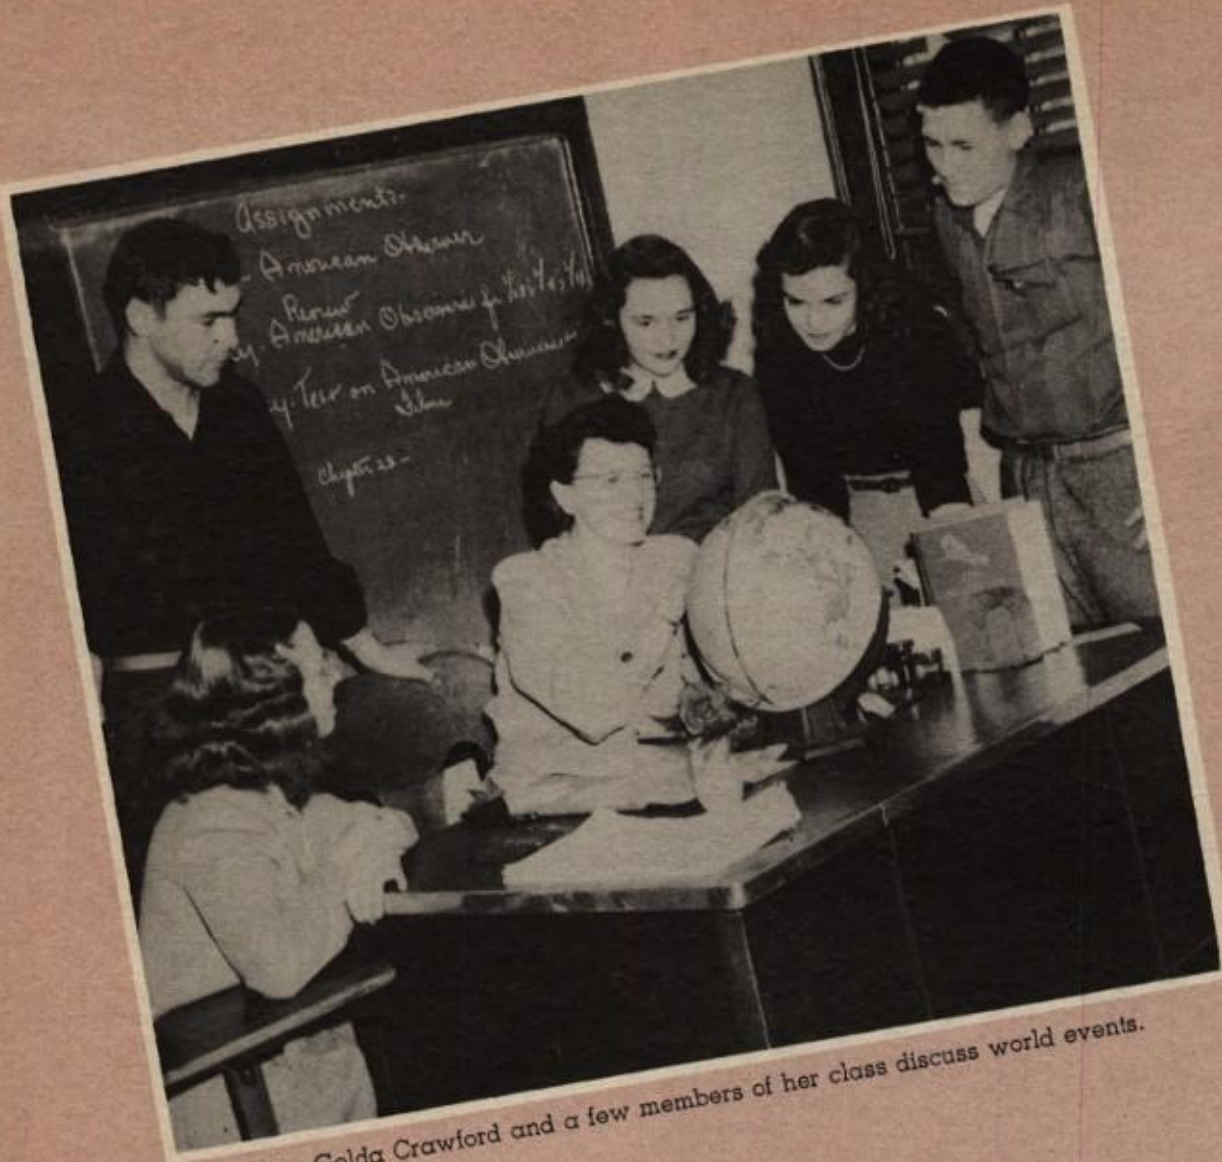

Principal J. F. Gilliland

MANAGING the business of Hutchinson High School is a job which Principal J. F. Gilliland carries out with the greatest efficiency. His twenty-two years as principal are a record of the diplomatic handling of the situations that have presented themselves and the solving of the problems of individual students. This could not have been attained without his keen interest in all of the high school pupils and their achievements.

Many graduates return to talk and visit with Principal Gilliland and thank him for his guidance and help in preparing them for the world of business. Although he likes to stick to the old traditions and customs of Hutchinson High School, Principal Gilliland is far-sighted enough to effect changes which make an up and coming school. His many years of experience show in his tactfulness in dealing with people and his competence in handling the affairs of Hutchinson High School.

Principal Gilliland received his A.B. and M.A. degrees at the University of Kansas and after holding the position of superintendent of schools in Viola, Kansas, spent fourteen years as principal in the Arkansas City High School before coming to Hutchinson.

SOCIAL SCIENCE

Miss Golda Crawford and a few members of her class discuss world events.

Miss Alice Lucille Stevens

FOR THOSE STUDENTS desiring to delve into significant happenings both past and present, the social science department offers history—ancient, modern, and American. Miss Alice Lucille Stevens holds the teaching job for ancient and modern history while Miss Golda Crawford, Mr. E. A. Cairns, and Mr. W. M. McCort are the instructors in American history. Also included in this department is constitution consisting of the study of government—national, state, and city. This subject is taught by Miss Carrie Mugler. Psychology, the study of human behavior, is another interesting course in the social science department instructed by Mr. W. T. Cole.

ENGLISH

Miss Jeanne Malcolm

Members of Miss Mayme King's dramatics class try out their acting ability in pantomime.

Mrs. Meryl Billingsley

NEVER SPLIT an infinitive or leave a participle dangling. The students of the English classes are becoming acquainted with such rules of grammar and also the great classics of literature. This knowledge, taught by Miss Elma Hamill, Miss Kate Lewis, Miss Reba Anderson, and Mrs. Meryl Billingsley, not only will prove valuable in later life but may be put to use now in the other courses of the English department.

For example the sentence structure and punctuation rules aid in the creative writing which is required in Miss Jeanne Malcolm's journalism classes. First year journalism students put out the Buzz, the weekly high school paper, and second year journalists edit the Allagaroo, the high school yearbook.

Speech and debate taught by Mr. Wofford Gardner are also courses where such accumulated knowledge may be called to the surface. Another is dramatics, a half year subject taught by Miss Mayme King.

ART MUSIC LANGUAGE

Rembrandts of tomorrow sketching from a life model under the supervision of Mrs. Elma Muir.

Mrs. Elma Muir

POSSESSORS of talents which run along such lines as sketching portraits or singing solos or perhaps translating, "All Gaul is divided in three parts," are offered plentiful opportunities to develop these talents in the departments of art, music, and foreign language.

The art department, headed by Mrs. Elma Muir, consists of both first and second year courses which include work in design, drawing and painting, clay modeling, and metal and leather craft.

Musical instructors are Miss Mabelle Billings and Mr. James Barrett teaching girls and boys glee clubs respectively and Mr. Roland Gunn directing band and orchestra classes. These teachers also have charge of such events as the Salt Hawk Revue, the spring festival, and band and orchestra concerts.

Caesar's wars and a little Espanol are offered to students in the form of Latin and Spanish courses. Beginning and advanced Latin is taught by Miss Emma Sage while first year Spanish classes are taught by Miss Mary Louise Smith and both first and second year by Mrs. Frances Arganbright.

MATH, SCIENCE

Mr. Max Hamilton.

"Look at the birdie," say these cameramen, students of Mr. E. C. Almquist's photography class.

Miss Mildred Parker

OFTEN PROVING fascinating to students are the mysteries in the world of science. Abundant opportunities to delve into those mysteries are present in courses in biology taught by Miss Mildred Parker and Mr. Charles Seshier; chemistry by Mr. B. M. Hamilton and Mr. F. D. Grobe; physics also taught by Mr. Hamilton, and photography by Mr. E. C. Almquist.

However if a student's interest lies in finding out why $x^2 + y^2$ is always z^2 , the courses of the mathematics department offer the best chance for research along this line. Included in this division are Geometry I and II taught by Miss Ruth Strickler and Miss Marie Stewart; Algebra I and II by Miss Ruth Strickler; and advanced algebra and geometry by Mr. J. T. McLain.

Miss Esther Cope gives her sewing class a little advice about plying needle and thread.

HOME EC, COMMERCE

CONCERNED with education which will prepare them for occupations in the future are the students of the home economics and commerce departments. For instance the ideal homemaker of tomorrow might be found pursuing the study of vitamins or baking some tasty dish in Miss Dale Newell's foods class. Or she might be found in one of Miss Esther Cope's or Mrs. Elizabeth Trospen's sewing classes learning the trick of stitching up something attractive to wear. Home-living, another course instructed by Mrs. Trospen, teaches girls such necessary things as how to balance a budget successfully, to furnish the home attractively and shop economically.

Preparing students for positions in the business world are the courses offered in the commerce department. They are typing taught by Miss Bethlene Kinsall, Miss Iva James, and Mr. John Payne; beginning stenography taught by Miss Kinsall and Miss James and advanced stenography taught by Miss James. The other courses included in the commercial department are bookkeeping which consists of learning to balance accounts and budget expenditures as taught by Mr. Walter Rinehart and Mr. Payne and commercial law also taught by Mr. Rinehart.

INDUSTRIAL ARTS, PHYS ED, LIBRARY

STUDENTS interested in the field of industrial arts have a number of subjects from which to choose including woodwork, printing, mechanical drawing, and automechanics. Under Mr. Frank Fee's guidance the printing classes turn out the High School Buzz, tickets and programs for various school events, and many other projects. Those interested in architecture or in engineering should profit from the mechanical drawing classes taught by Mr. Gordon Jones. Everything from plates to tables may be seen in various stages of completion in the workshop of Mr. Leslie Phillips and his woodworking classes. Under the careful hands of the automechanical students and the watchful eye of Mr. V. M. Stroud sluggish cars are put back into condition.

Boys and girls physical education is taught by Mr. Norvall Neve and Miss Kathryn Shaake, respectively, and keeper of the library is Miss Ethelyn Flagg.

WORKING BEHIND THE SCENES OF EDUCATION ARE THESE SEVEN VOLUNTEERS

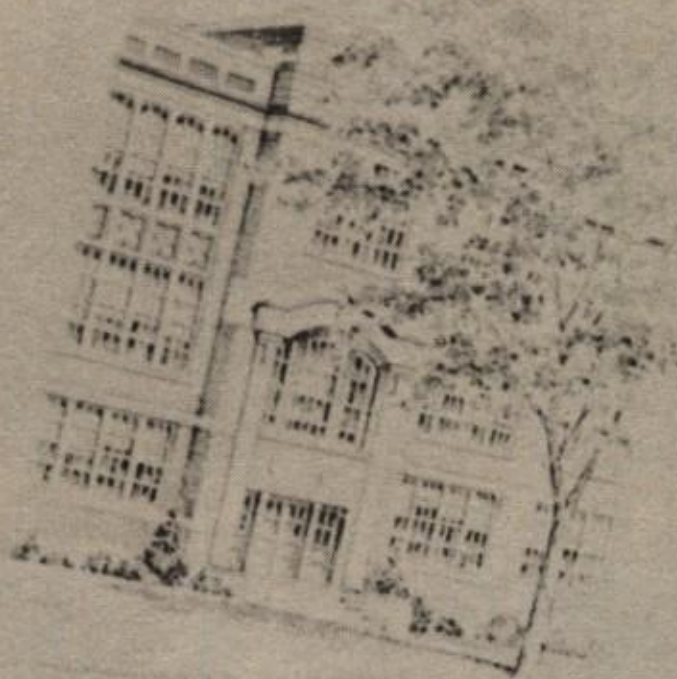

COOPERATING with the superintendent of schools and the building principals to bring about the best possible management of the city schools is the job of the six members of the Hutchinson Board of Education. Receiving no pay for the time they put in, they do their work because of their interest in education and in the welfare of the young people of Hutchinson.

The Board of Education is really a group of citizens who represent the people of the community and whose job it is to see that necessary equipment is provided for school projects, that good instructors are hired, and that needed improvements in school buildings and grounds are made.

An additional responsibility for the Board members at the present is the 10-year school modernization program which they are sponsoring. The total cost of the building and modernization program is estimated at \$1,330,000, part of which will come from the issuance of bonds and part from a sinking fund which the Board of Education created in a special building fund levy.

G. A. A. FEATURES SPORT PROGRAM

WOMEN of action, members of G. A. A. participate in a two-part sport program and also provide entertainment by way of programs every month.

Volleyball, basketball, hockey — these are G. A. A. after school games designed to give beautiful games. Then come tournaments which give members a chance to see which class is superior in sports—sophomore, junior, or senior. By participation in sports girls gain points for awards.

The unusual is usual at G. A. A. meetings. Everyone will remember the dance that Miss Kathryn Schaaake and Miss Esther Cope, sponsors, did at one program. Another example is the sad songs that were sung during the intermission of a mock football game which reduced the teams to tears.

Highlight of the year, playday, day of fun and frolic, furnishes luncheon and competitive sports for all G. A. A. girls in the district.

ATHLETIC HEROES WEAR GOLD "H"

OFFICERS—Front Row: C. Long, T. Hardy, B. Bond. Back Row: B. Arbuckle, Mr. E. A. Cairns.

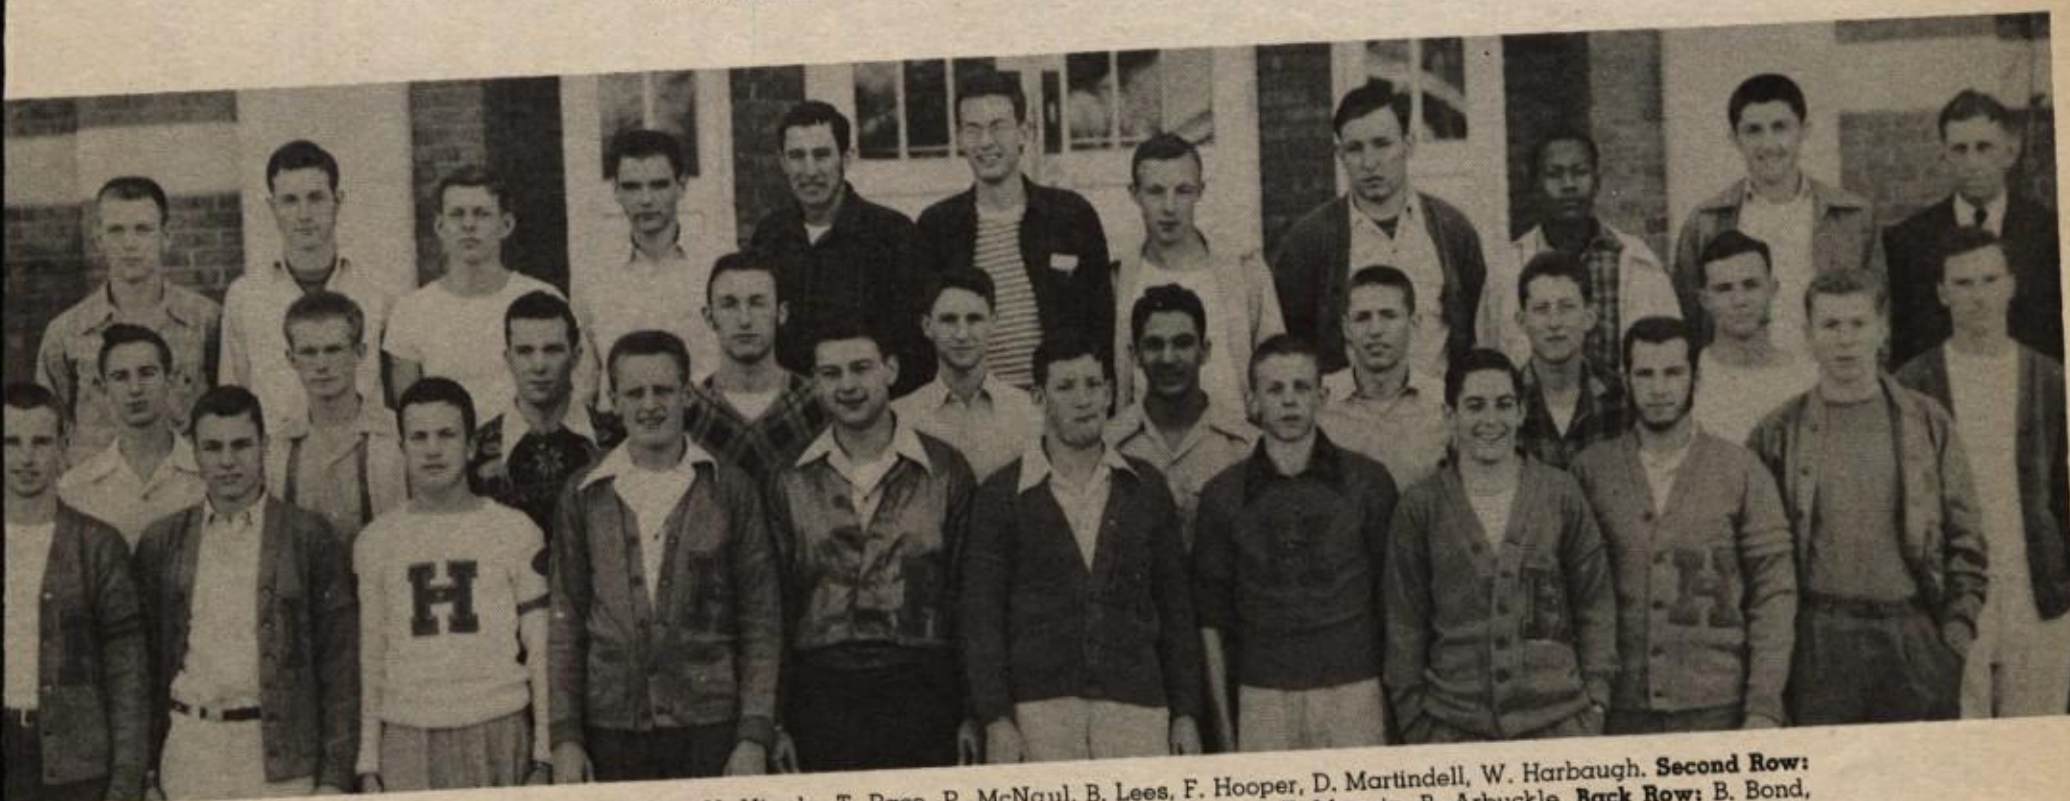

SOPHOMORE boys who think that it would be wonderful to be H-Club members are not too far from wrong, as H-Club might well be called the most exclusive club in school. The only requirement for membership is a gold and blue, chenille athletic 'H,' which a student has earned through hours of sweat, bruises, blood and even tears.

H-Club has been one of the outstanding organizations in Hutchinson High School since 1927 when Mr. Ralph McCarroll founded it. He was sponsor until 1930 when Mr. E. A. (Chop) Cairns took over his position. "Chop" still holds that honor.

There are no regularly scheduled meetings. When an occasion arises that needs the attention of the entire club, "Chop" sends out a call for wearers of the gold and blue "H". Head cheerleaders are usually included in the membership.

Members of H-Club pose for their picture after one of their infrequent and informal meetings. Sponsor E. A. "Chop" Cairns enlivened the meeting.

"TO FIND AND GIVE THE BEST," motto of the Girl Reserves, aptly expresses their goals for a better and happier life. Their code, initial letters spelling out Girl Reserves, sums up what each girl pledges she will be: Gracious in manner, Impartial in judgment, Ready for service, Loyal to friends, Reaching toward the best, Earnest in purpose, Seeing the beautiful, Eager for knowledge, Reverent to God, Victorious over self, Ever dependable, Sincere at all times.

Programs which stand out in a G. R. girl's memory of the year are the candlelight installation service and the Christmas program. The traditional candlelighting is one of the year's most impressive. The auditorium is entirely darkened except for candles held by the old and new officers. The Christmas program stands out because of a tap dance done by three year old Jo Ann Mendenhall.

"Noel, Noel" and other familiar songs of Christmas time ring through the halls each year as G. R. and G. A. A. members meet the day before vacation to commemorate "The First Noel."

PERRILL CLUB FEATURES SPEECH ARTS

OFFICERS—Front Row: B. Dillon, S. Gabrielson, E. Friesen. **Back Row:** D. Wilson, J. Campbell, Mr. W. Gardner.

DO YOU WANT to be an actor or actress to rival Katherine Cornell or the Barrymores or do you want to be a renowned orator or a well-known debater? Well, it isn't guaranteed that anyone who joins Perrill Club will become famous, but the club does give students a chance to practice speaking and appear on the stage.

Membership in this organization is more limited than in many other clubs since students wishing to join must turn in applications to the sponsor and go before an examining board consisting of club sponsor and officers before they are accepted into the club.

Highlight of the year is a speech contest presented each spring. Included in the contest is competition in original oratory, standard oratory, and dramatic reading. Winners' names are placed on Perrill Club's award plaques.

CLUB STUDIES CHINA AND RUSSIA

OFFICERS—Front Row: N. Smith, M. Mitchell, C. Ferron. **Back Row:** P. Lusk, Miss E. Hamill, B. Callen.

FAR AWAY countries, their art, customs, and music were brought to the attention of all members of Richardson-McCarter literary club this year.

Russia and China were the two nations chosen for study because it was felt that these were the countries whose history and culture were least known to us. They were studied through lectures and book reviews given by women of the city who have made a study of these particular countries. One of the outstanding and most interesting among the varied programs concerned the history of important Russian musicians and their compositions, several of which were played.

May 8 was an outstanding date for all members of this society, the event being the spring banquet held in Wiley Tea Room. A book review highlighted the banquet program.

FUTURE EINSTEINS STUDY SCIENCE

IF ANY scientist should trace his schooling back to Hutchinson High School, perhaps he would think of Valence Club as his first step toward greatness. Would-be-Einsteins met the second and fourth Tuesdays of every month to explore the field of science.

While the same qualifications apply to boys and girls alike, nearly twice as many boys as girls belong to Valence Club. These qualifications state that members must have one year of either chemistry or physics with a "B" average.

Valence Club meetings included a talk on the future possibilities of atomics, the construction of an ammonia fountain, and a demonstration on making synthetic rubber.

Science, which gives people the power to destroy and improve, will still live in Valence Club when boys and girls who are now chemistry students have become great scientific leaders.

OFFICERS—Front Row: G. Straley, M. Leopulos, W. Knightly.
Back Row: J. Stout, Mr. F. Grobe, P. McNaul.

Maybe it was the tire shortage or perhaps it was just their scientific minds that caused Valence Club members to have a demonstration on how to make synthetic rubber.

Front Row: D. Reimer, B. Weesner, S. Gabrielson, N. Smith, V. Williams, B. Woodall, J. Bradley, J. Parrott, M. Leopulos, G. Clay. **Second Row:** G. Straley, L. Hutton, W. Knightly, P. McNaul, W. HI-Y MEMBERS HAVE HIGH IDEALS

OFFICERS—Front Row: J. Ludwig, B. Arbuckle, Z. Farha, N. Lanning. Second Row: D. Upson, D. Kuhns. Back Row: Mr. W. T. Cole, H. Woodward, H. Hildyard, J. Oswald, Mr. W. M. McCort.

WORKING together with the single purpose to create and extend Christian character throughout the school and community, members of Hi-Y invaluable served Hutchinson high school during the year of 1945-1946. A ranking favorite of students was the Hi-Y operated concession stand at Gowans' stadium during the football season. Volunteering members of Hi-Y passed many hot dogs and bottles of pop across the counter into eager and appreciative hands.

Aside from their extra-curricular activities, many serious and religious, as well as informative, programs were presented at the bi-weekly meetings. Servicemen who were formerly associated with the organization appeared regularly at the meetings.

Hi-Y was capably led by Zack Farha, president; Bob Arbuckle, vice president; Dan Upson, secretary; Jack Ludwig, treasurer; John Oswald and Norman Lanning, Student Council representatives; Hobart Hildyard, devotionals chairman; and Herb Woodward, social chairman.

Highlights on the social calendar of the cabinet and sponsors were the conference of the clubs in this area and the annual banquet for the sponsors and cabinet held late in spring.

Sponsors for this year's club were Mr. W. T. Cole, Mr. John Payne, and Mr. W. M. McCort.

Room 110 is the scene of many very important business discussions of the Hi-Y Club, but sometimes the meetings take on the aspect of the scene above.

Johnny Oswald and Jack Ludwig combined their talents to entertain fellow members of Hi-Y. Ludwig spoke while Oswald produced motions that corresponded to the gist of the conversation.

SOMETHING new was added to the club scene this year with the organization of a Home Economics Club of 129 charter members under sponsorship of Miss Dale Newell, Miss Esther Cope, and Mrs. Elizabeth Trosper.

Highlights of the year included a demonstration of snacks for the gang, of attractive flower arrangements for all occasions, and of hair styles and make-up.

A project which proved to be a great success was the making and selling of pennants in the school colors with the letters H. H. S. These met with immediate approval and were prominent in the cheering sections.

Social event of the year was the fashion show and tea presented for the mothers of members of the club in May. The girls also had a fun night and celebrated with a spring picnic for all members who wanted to attend.

SPRING GREEN

"IN THE SPRING a young man's fancy lightly turns to thoughts of"—earth-worms.

This new version of an old theme was illustrated in the first school play, "Spring Green." Amusin' but confusin', the saga of how an adolescent Einstein and Salome, Jumbo and the "younguns"—worms if you please—unintentionally complicate the lives of several people entertained a packed house October 12.

Deserving of an Oscar were the inspired performances of Norman Lanning as T. Newton Todd, the worm-fancier, and Ilene Miller as Mrs. Rumble, as a quixotic housekeeper. Other members of an excellent cast were Jack Campbell, the dashing Major, Betty Russell as a young widow, Patricia Seigrist as a 10 year old, Sally Pegues as a typical teenager, Nadine Smith as a boy-crazy high school girl, Ernest Friesen as king of the straight man, Dessie Mae Rumble as a twin sister, Wilson O'Connell as a crochety invalid, Bets Dillon as the neighborhood nuisance, Bill Knightly as an elderly doctor, and Bill Zimmerman as a trusty servant of the law.

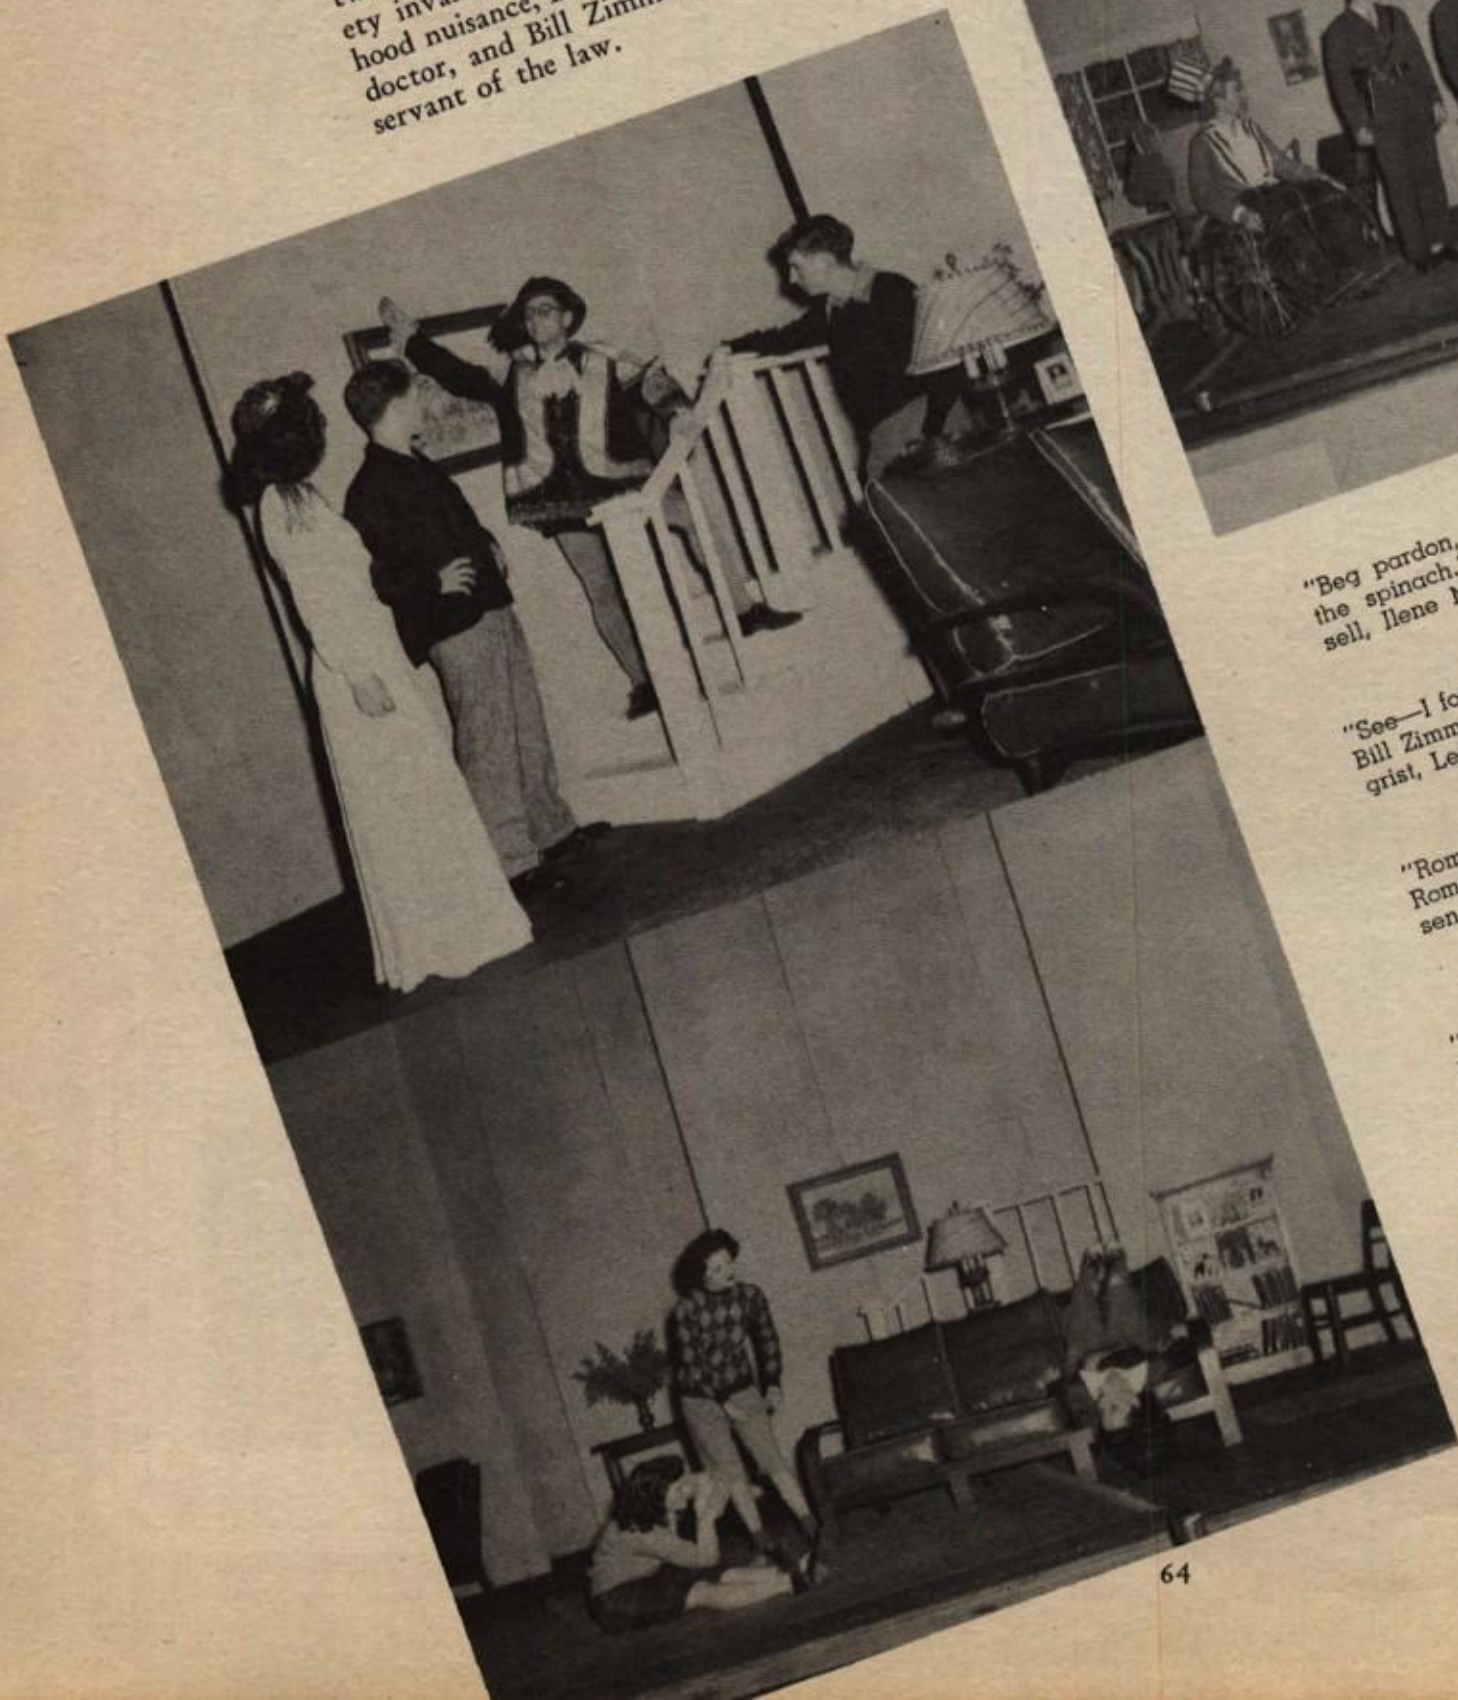

"Beg pardon, I was wantin' to ask about the spinach."—Jack Campbell, Betty Russell, Ilene Miller.

"See—I found a man!"—Wilson O'Connell, Bill Zimmerman, Bill Knightly, Patricia Seigrist, Leon Price, Bets Dillon.

"Romeo, Romeo, wherefore art thou Romeo?"—Dessie Mae Rumble, Ernest Friesen, Norman Lanning, Clarence Jones.

"We're just beautifying ourselves."—Bets Dillon, Nadine Smith, Sally Pegues.

To a fellow band and orchestra member & to a swell gal a lot of good luck.

WHO WOULDN'T BE CRAZY?

IT CAN'T HAPPEN HERE—but it does!!! When such a nice screwy assortment of characters as wolves, actresses, nurses, jockeys, policemen, crooks, colored angels, and visiting royalty get together, hold on to your hats. The senior class in the saga of a sanitarium, "Who Wouldn't be Crazy," took two hectic days out of the routine of a rest home and condensed them into one evening of suspense and laughter March 22 in Richardson auditorium. In the ensuing 48 hours several people get into the institution by mistake but it's all right, because by the middle of the play you can't tell the visitors from the inmates and there is even a slight problem in telling the audience from the cast without a program.

Those responsible for the antics on stage were Jim Berry, Betty Russell, Norman Lanning, Josephine Stucky, Jim Keena, Gerry Finkelstein, Nancy Nichols, Bill Knightly, Gwyn Kimbell, Ernest Friesen, Peggy Adams, Jack Campbell, Dorothy O'Connor, Leland Hutton, Beth Callen, Carl Quarnstrom, under the direction of Miss Mayme King.

"You look like the wreck of the Hesperus."—Peggy Adams, Carl Quarnstrom, Beth Callen, Dorothy O'Connor.

"You've fooled McCafferty for the last time."—Gwyn Kimbell, Jim Keena, Bill Knightly, Norman Lanning, Josephine Stucky.

"She loves me, she loves me not."—Jim Berry, Betty Russell, Jack Campbell, Leland Hutton.

"But why did you want to forget me?"—Nancy Nichols, Ernest Friesen, Gerry Finkelstein.

DEBATE AND SPEECH

1946 HAS BEEN quite a successful year for the speech and debate department. For the first time in the history of Hutchinson High School the debate team placed first in the Ark Valley, district, and state tournaments. Natalie Logan, Ernest Friesen, Bets Dillon, Lila Lee Krause, and alternates Jerry Weber and Harold Kieler composed the championship team.

From November through February, the debate teams participated in tournaments and had the opportunity of meeting debate teams from 35 Kansas, Nebraska, Missouri, and Oklahoma schools.

Working up from a fifth place rating at Topeka, they followed with fifth place at Wellington, fourth at Wyandotte, and second at Salina. In the Ark Valley tournament held at Wichita the team tied for first with Newton, and went on to win the district meet at Junction City. Climaxing the season, they "brought home the bacon" from the state tournament at Lawrence in the form of the coveted championship trophy.

It's interesting to note the fact that all the members of the winning team with the exception of Kieler are little brothers and sisters of former debate stars which include Forest Logan, '43; Hal Friesen, '43; Paul Dillon, '44; Norman Krause, '34, and Bill Weber, '41.

The speech department also sent individual speakers to the speech festival at Wichita, March 30. Hutch contestants with a speaker rating of I were Ernest Friesen, Barbara Hanna, Jack Campbell, Priscilla Alden; those with a rating of II were Shirley Tiffany, Natalie Logan, Priscilla Alden, Dessie Mae Rumble, and Marian Hinds. From the participants in this tournament were chosen students who represented the school in the Ark Valley Contest April 10 at Newton. They were Ernest Friesen, Barbara Hanna, Bob Frost, Jean Roehr, Jack Campbell, Dessie Mae Rumble, Priscilla Alden, and Marian Hinds.

THROUGH MUSIC, which is the one universal language, we have an ideal point of departure in our search for understanding of other people—regardless of their color, creed, or language. If this goal of understanding and accepting all the peoples of the world could be reached, we would truly have "One World." This phrase was the thought expressed in the 1946 performance of the Salt Hawk Revue.

Russia, France, Canada, Scotland, England, South America, Norway, Ireland, and Hawaii all joined with the United States in lending their characteristic folk music to make a charming musical potpourri served by the vocal music department under the capable direction of Miss Mabelle Billings and Mr. James Barrett.

Two opening numbers were a rousing Cossack song and a plaintive Russian folk melody presented by the mixed chorus with Ilene Miller as soloist. France was represented in the program by the sophomore girls' glee club singing in French "Alouette." Adding variety were dancers typifying the Pierrot and Pierrette of French theater as they interpreted the words of this song.

Soft, glowing, candlelight was the setting for the madrigalians as they sang two English country songs—"Fire, Fire" and "The Old Woman." The boys' sextet was called back for an encore after "Hawaiian War Chant." Their audience was blissfully unaware of the fact that the sextet's perfected repertoire consisted of one number—which they had just sung. Looking as sweet as they sounded were the triple quartet girls in colorful Brazilian peasant blouses and dirndl skirts. Their contribution was a nostalgic bit of music, "Tropic Gardens." Never-to-be-forgotten songs, "Begin the Beguine" and "Serenade" by American composers, were added by the junior-senior girls' glee club. Another familiar American number was "Romance" sung by the nonettes.

Almost 150 singers were on the stage for the grand finale which summed up the theme of the entire revue. A nation of people happy in their own pursuits looking toward the future was written into the words and music of "I Hear America Singing" based on Walt Whitman's famous poem. "One World" was rousing and inspiring in that it is a sort of prayer by all peoples, everywhere, that we may once more have "One World, with peace forevermore."

Pierrette and Pierrot—Lorene Frank and Barbara Cole.

The debonair boys' sextet and their accompanist, Betty Herzog.

The massed chorus consisting of every performer in the Salt Hawk Revue joins in the grand finale.

Sweet and lovely—the nonettes as they brought out a touch of "Romance."

"Ooo-la-lal Quelques jolies jeunes filles" describes the sophomore girls' glee club in the language of the country they represented.

BAND ACTIVITIES

HIGH SPOT of the band year was the concert given January 25, at Richardson auditorium. The featured soloist and senior who was selected as having been the most outstanding in the band during his high school career was Orville Braymer. He played "Blue Bells of Scotland," one of the most difficult trombone solos written.

Sharing the spotlight with Braymer was the Trumpet Trio composed of Bill Schuster, Clinton Erlich, and Richard Deck. Their number was "Triplets of the Finest."

A wide variety of music made up the program: "Colorado" and "El Capitan," marches; "Raymond" and "Merry Wives of Windsor," overtures; "Deep Purple," "Beneath the Southern Cross" from the suite Looking Upward, "Headlines: a Rhapsody" and "Along the Navajo Trail," modern selections.

The whole band and sometimes smaller pep bands were on hand at football and basketball games to add to the pep and general confusion and to give a musical note to pep assemblies. An anticipated event was the musical contest held in Wichita the early part of April.

Officers for the band this year were: Orville Braymer, president, student director, and librarian; Norman Lanning, vice president; Nancy Belcher, drum major; George Clay, assistant librarian and quartermaster; Bill Schuster and Marion Simmons, quartermasters; and Opal Wilson, secretary.

ORCHESTRA

"MUSIC HATH CHARMS to soothe the savage beast, to soften rocks, or bend a knotted oak." Even those of you who are not beasts, rocks, or knotted oaks will agree that music "sends" you. Throbbing, thrilling tempos caressing the ear at various school functions and sweetly echoing through the halls were the products of the H. H. S. orchestra spurred on by Mr. Roland Gunn.

Someone once made the observation that "Music is not merely a study, it is an entertainment; wherever there is music there is a throng of listeners." Music lovers were on hand to hear the orchestra concert March 8 in Richardson auditorium. Featured in the program were Richard Strange, clarinetist, who played "Concertino-Clarinet Solo" and the fiddling five—Elna Claire Valine, Bob Howerton, Don Christner, Edna Smith, and Fern Esau—playing a violin concerto. The overture from Beautiful Galatea, and one from Russlan and Ludmilla were the first numbers on the program, followed by the violin quintet, "I Got Plenty of Nuttin" from Porgy and Bess, and selections from the Peer Gynt Suite. The concerto-clarinet solo and Introduction to Act III of Lohengrin concluded the program.

Officers for the orchestra this year were Norman Lanning, president; Phyllis Lusk, vice president; Joan Wolf, secretary; Richard Strange, librarian; George Clay, assistant librarian; Orville Braymer, student director; Richard Deck and Marion Simmons, quartermasters.

BUZZ STAFF

"Lab day" for the Buzz staff.

WORKING his fingers to the bone over "hot copy" day after day—running to and fro from the "morgue"—literally living the life of a "galley" slave—this is the fate of the hapless Buzz reporter.

Even at best, assuming that the reporters, ad men, editors, and circulation staff all know what they're doing, room 12 is generally a scene of utter confusion. Out of the chaos, however, at the end of every week—if they're lucky—comes the Buzz. When this product of many days and nights of labor comes back from the printer, everyone grabs a copy and beams with parental pride. After a thorough once over a confab is held on why, with the possible exception of the one they just finished, the next Buzz is going to be the most sensational in the history of the school.

As those in the know will tell you, one very necessary requirement of a staff member is to be able to "eat Buzz, sleep Buzz, talk Buzz, think Buzz" and still believe it's wonderful. Those laboring under the false delusion that this is all play and no work are due for a rude awakening. All 28 of the human dynamos have their little crosses to bear—annoying incidents like the deadline suddenly sneaking up and a big hole coming to light in the front page, or forgetting to stick in that all-important ad. There have even been times when the cubs didn't know where their next Buzz was coming from. This situation has been improved in the past year by having the printing of the paper done in vocational classes at the school. This was made possible by the installation of a new linotype and press. This arrangement gives the harassed editors a little more time for that final check-up before "putting the paper to bed."

T. Pace, sports editor; A. Perrin, first page editor; M. Eales, second page editor; M. Smith third page editor.

ALLAGAROO STAFF

THOSE hardy few who survive the trials and tribulations of Journalism I and feel equal to another year at hard labor are welcomed into the mysterious "Order of the Allagaroo." Mysterious is right—usually no one knows what's going on, including the staff. The main job of each member is to keep track of each student and what he's doing all the time. This is no easy matter either. For instance stop and think what he is likely to do and where he is likely to be in the course of a day. They try to note all of this data—their spies are everywhere.

The Allagaroo is put together by a group of demons with loads of that grey matter to think diabolical thoughts with, and big black pencils to write libelous remarks with. These characters are jokingly known, among themselves, as editors. An editor is appointed for each section. Appointed—that's rubbing out nine other members of the class until "It Had to be You." Then the real work begins. At this stage of the game there are a few (ten to be exact) journalists who wonder why mother didn't tell them there would be moments like this.

Planning a section consists of making a tentative draft of a page and then having it approved. Eighty jillion duplicates more or less—usually more—are painstakingly copied. Part of these go to the printer, part to the teacher, and a good part to the wastebasket. Just as ten weary minds are beginning to return to normal some cheerful earful reminds them "You ain't seen nothin' yet," and so they resign themselves to spending 28 hours of the day for the next four or five years in room 12.

Woe be unto the luckless editor who is found relaxing on the job. As one man the class rises to the occasion and prepares the perpetrator of the crime for a gruelling third degree. As nine accusing index fingers level themselves at his nose, a stern voice comes from the shadowy depths of the room. "The Allagaroo must go on." From the drawn face and ashen lips of the dilatory member comes a question we think worthy of some consideration. "WHY?"

TICKET AND USHER FORCE

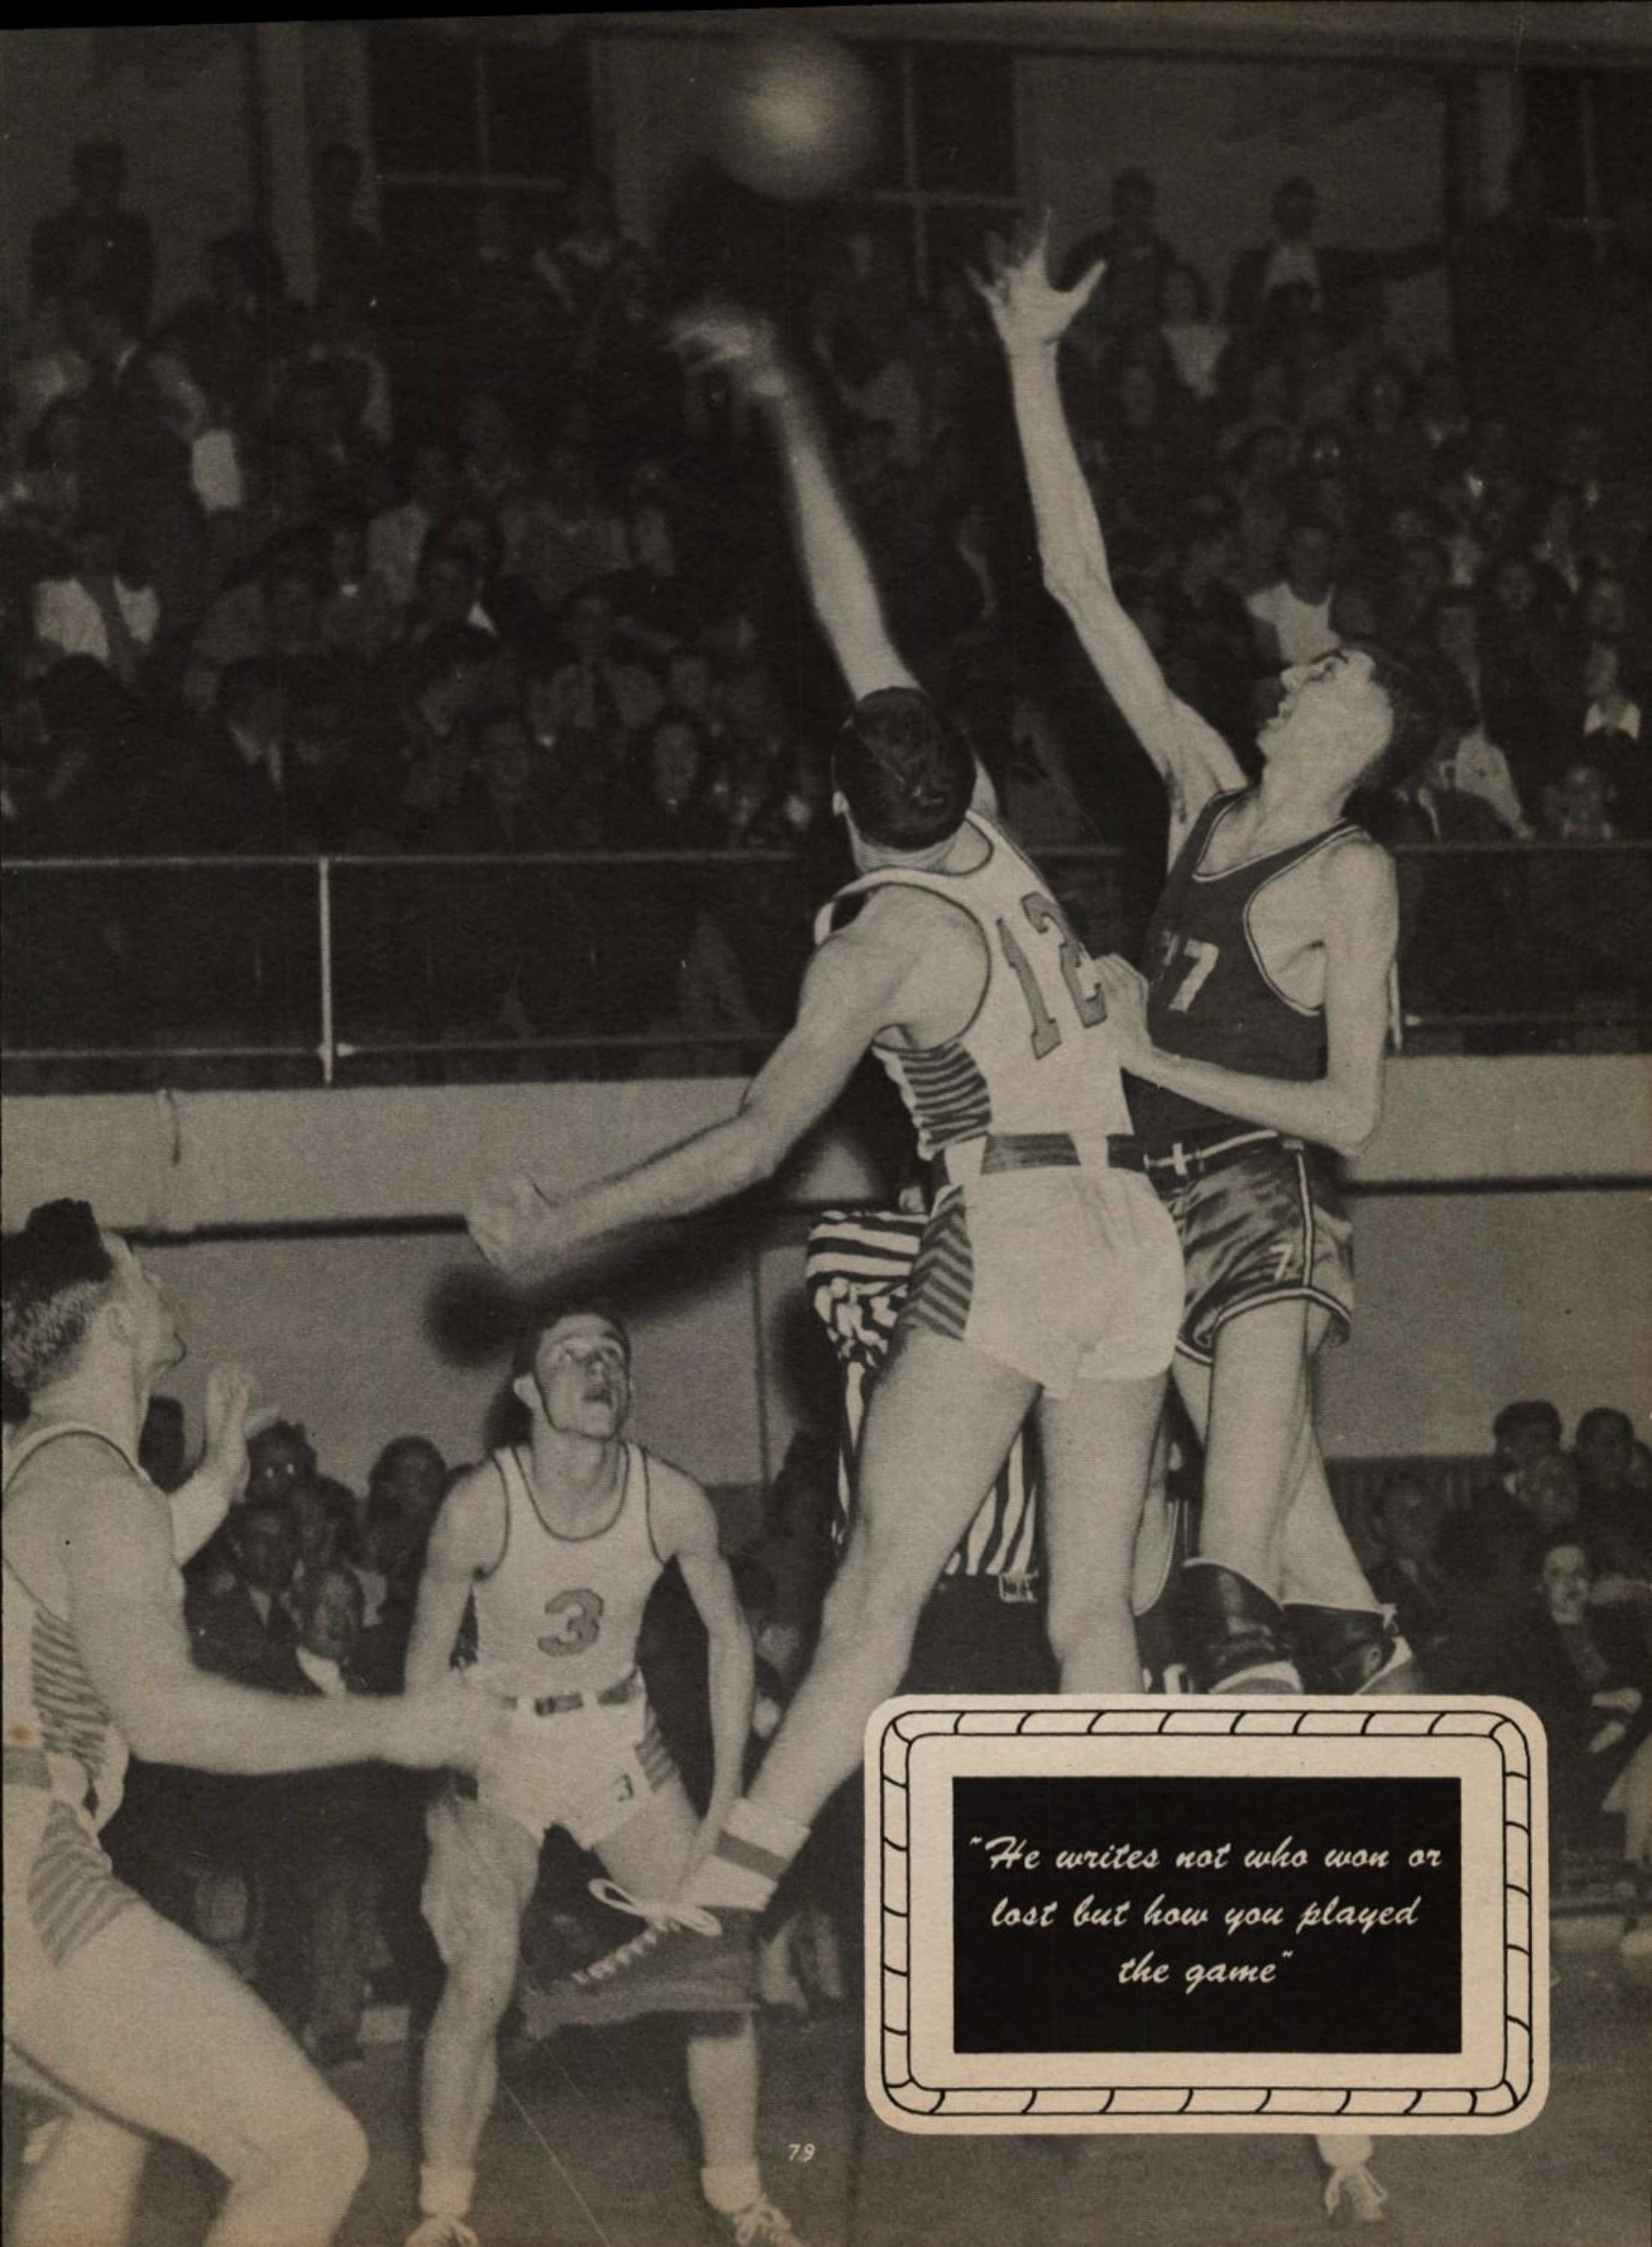

USHERING at plays, selling tickets, and running themselves ragged at basketball and football games are a few of the many activities of the ticket and usher force members. These 29 volunteers are always available to give information to the curious and directions to the confused.

Those who wish to join either of the organizations apply in person to Mr. John Payne who makes the final decision. A merit system is used, the members obtaining points by their service at various functions. For underclassmen points made in one year are carried over to the next year. Those "eager beavers" who have been successful in amassing 200 points by the time they graduate are given a certificate which allows them to attend free all paid activities of the high school for the next year. A total of 400 points is rewarded by a 2-year certificate, and 600 points by a 4-year certificate.

The group's range of service is not limited to school activities alone. It is also called upon to usher at various civic affairs. Members of the force enjoy their work since it brings them in contact with the public, and the school is indebted to them for their willing service.

Coaches, E. A. Cairns, Eugene Niewald, C. E. Seshier, Max Hamilton, and Norvall Neve in an informal discussion of athletics in Hutchinson.

HAWKS LED BY STRONG COACHING STAFF

BOOM in sports interest in HHS is undoubtedly due to leadership of the five Salt Hawk coaches, Norvall Neve, E. A. Cairns, Charles Seshier, Max Hamilton, and Eugene Niewald who have completed one of the best years in the school's history.

Producing an undefeated team for the valley was the biggest accomplishment of the year for Hutchinson gridiron guide, Norvall Neve. Besides his pigskin duties, he coached the basketball seconds and the varsity tennis team.

Head basketball coach, athletic director, and one of the most widely known coaches of the Ark-valley is Coach Cairns. In his 16 years at Hutchinson "Chop" has produced many championship teams in basketball and football.

Coach Seshier is busy in sports throughout the year with

duties such as helping Hamilton with the beginning football squad, coaching junior high school basketball teams and leading the varsity track squad. He will soon return to Juco as head athletic director.

Coaching the beginning football squad and acting as one of Neve's advisers are the duties of Max Hamilton. Whether or not a beginner stays out for football is often determined by his first year. With leadership from Hamilton and Seshier, the beginners' squad is definitely growing.

Probably the least known of the high school sports mentors is Eugene Niewald, manual training teacher at Liberty junior high. He has duty of working into shape HHS's deceptive backfield and molding into form the strong reserves.

HAWKS RETAIN CHAMPIONSHIP

RETAINING their Ark-Valley championship, the 1945 Salt Hawks smashed through the year with an onslaught that was never checked. In their first undefeated season since 1930, the Neve-men chalked up 310 points with only 52 tallies scored against them. Erasing the only stain on last year's record, the Hutch High gridsters traveled to Wellington to crush the Crusaders, 37-0.

In a non-league opener at home the Hawks waded through the rain and Stafford's line of defense, flooding the Trojans 32-0 on September 21. High water delayed the Hawks from adding another victim to their list until October 1, when Winfield fell prey to the birds, 39-0, at the Viking's home field.

Wichita North Redskins bit the dust when scalped by the senior high team, 33-7, on October 5 at Gowans stadium. Sweeping the Hawks from their nest, the Ward Cyclones from Kansas City gave the pigskin toters their narrowest escape of the year in a non-league fray. Harbaugh used his educated toe to make the two-point winning margin leaving the score 27-25.

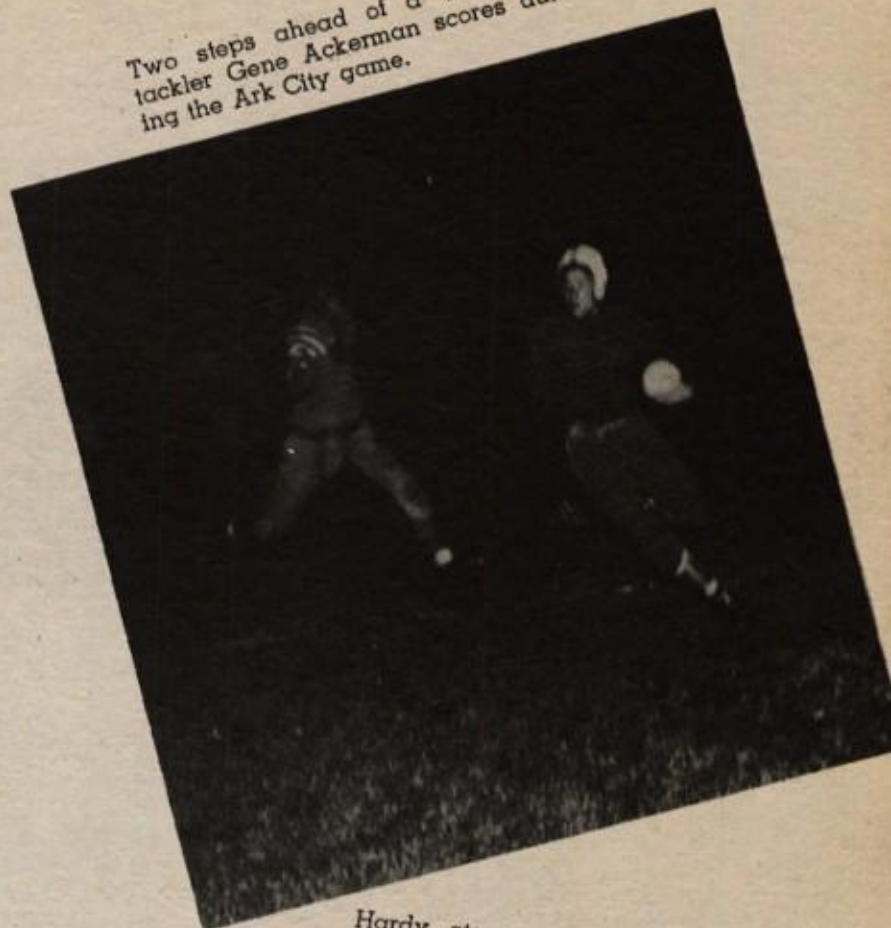

To see the boys in gold and blue play their best game of the season many Hutchinson fans were in the audience of 9500, October 26 at Lawrence stadium in Wichita. Providing the competition were the Wichita East High Aces. With the aid of the touchdown twins, Bond and Ackerman, the Hutch eleven out ran the college size Aces, the final tally being 25-14.

Forging into undisputed leadership of the Valley the Salt Hawks were the first team to topple Arkansas City. Marking up 35 tallies, the Salters slackened only in the last two minutes of play to give the Bulldogs their 6 points. During the half "Cordy" Ferron was crowned football queen of 1945.

With their eyes on the mythical state championship, the valley champs furthered their cause by swamping the Wildcats at El Dorado, 41-0. To end the season the Hawks piled the Newton Railroaders up in the corner of the gridiron to run wild for a 40-0 total.

Five Salt Hawks made the Ark-Valley All Stars chosen by the coaches of the valley—Orbon Tice, right tackle; Gene Ackerman, right halfback; Ronald Bringle, left guard; Joeallen Gibson, center; and Bill Bond, left halfback, selected captain for the all star crew. Topeka Daily Capital, selector of the state all-star, named Tice and Bond to honorary positions.

COPPING second place in the Valley for the second consecutive year, Coach E. A. (Chop) Cairns' Gold and Blue five won 13 games and lost seven, but four of the seven were dropped to non-league teams. The Hawks went to the quarter-finals of the state tournament before being beaten out by Columbus.

Salt Hawks received their initiation under fire at the hands of the Topeka Trojan five on November 30. The local cagers found themselves with a 30-29 lead going into the closing minutes of the game but dropped the contest when a Trojan connected with a last second field goal. Dan Upson took high scoring honors with six field goals and one free throw.

Seeking to avenge last year's double defeat by Wellington's net-swishers, Hutch played host to the Crusaders on December 7. As was the case last year, Harold Rogers, junior forward, was the fly in the Hawks' soup. Wellington took the game, 32-28, after seeing sawing for three quarters.

Having dropped two consecutive tilts, the cagers took stock of the El Dorado Wildcats on December 14 and fairly dubbed them, 35-16, on the El Dorado courts.

Wichita North Redskins set up their wigwam in Hutchinson on December 21, with Dent Hamilton as their big threat. The Cairnsmen promptly proceeded to stop the Wichitans. The final outcome of the fray was Hutchinson, 34; North, 30.

Winfield Vikings followed the pattern set by North, and they were defeated by the identical score, 34-30, at Winfield on December 28. The Gold and Blue cagers were rated as the underdogs in this game by most dopesters.

Ark City's Bulldogs invaded the Salt City on January 4 but were sent home with a defeat chalked against them. Big Tom Hardy, Hawk center, was held to three points; but the rest of the team came through with more than enough points to win an easy 28-15 victory.

Flying high after taking four in a row, the Hawk five were thrown into a nose-dive at the Wichita East courts. The Blue Aces eked out a 27-26 victory after being proclaimed one of the best and biggest fast-breaking fives in the Valley. Upson and Pittman shared scoring honors with eight points apiece.

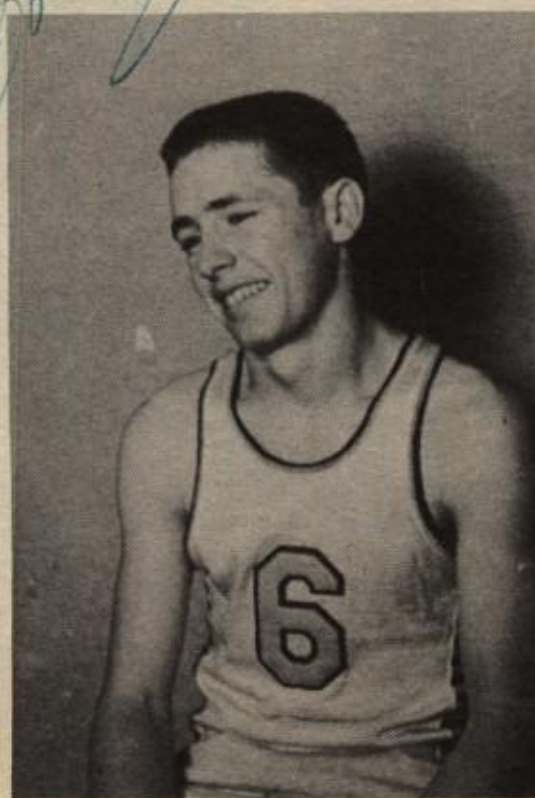

Salt Hawks and their fans flew high on January 18 while the Cairnsmen took the Newton Railroaders in another of the annual basketball duels. Guard Orbon Tice hit the nets for 14 points to lead the Gold and Blue squad's scoring attack. This was Tice's third game after recovering from a broken arm received during the football season.

SECOND IN VALLEY RACE

To start the second round off in the right direction, the Hutch quintet out-shot and out-rebounded the Wellington five for a 31-27 victory. This win pushed the Hawks into a three-way tie for first place with Newton and Wellington.

El Dorado's Wildcats were the first team to fall prey to a slightly different Gold and Blue lineup, 42-26, on January 31. During the week between the Wellington and El Dorado games, five of Chop's first string players became ineligible for future Valley games as a result of playing in an outside game.

Orbon Tice and Tom Hardy came through with 16 and 15 points respectively to spearhead the Gold and Blue attack at Wichita North February 8. The Hutch squad tried a few fast break tactics and came out on the long end of a 45-23 score.

On the next night, the Salt Hawk fans saw the Winfield Vikings lead the Cairnsmen for three quarters before Jack Pittman started hitting some long shots. The sharp-eyed forward tallied 14 points to lead the scorers in their 27-18 victory.

Ark City's Bulldogs were the next team to fall before the Hawks. With Pittman, Hardy and Tice banging away at the hoop, the Cairnsmen walked away with a 40-19 victory. This win enabled the Salt City five to remain in a tie for first place with the Newton Railroaders.

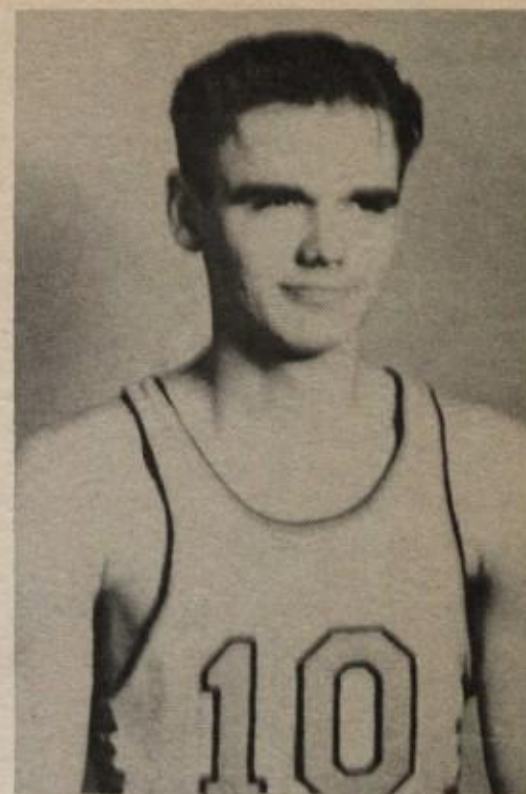

Playing two nights in a row, the Hutch basketeers took one and dropped the other. Wichita East's Blue Aces held the Hawks to a two-point victory, 25-23, February 22; and the Wyandotte Bulldogs from Kansas City edged the Cairnsmen, 37-36, the next night at Kansas City in a non-league game.

In the last game of the Valley season, Newton's Railroaders avenged an earlier defeat at the hands of the Hawks by stopping the Gold and Blue five, 27-17. This win gave Newton undisputed first place in the Ark-Valley with Hutchinson and Wellington coming in second and third.

Hutch qualified to attend the state tournament at Topeka by dropping Dodge City, 31-23, in the Great Bend regional tourney. Great Bend stopped the Hawks the next night, 32-29.

In the state tournament the Hawks took Shawnee Mission easily with a score of 33-17. The following night the tables were turned, and the Hutchinson team was eliminated from the tournament by Columbus, 40-33.

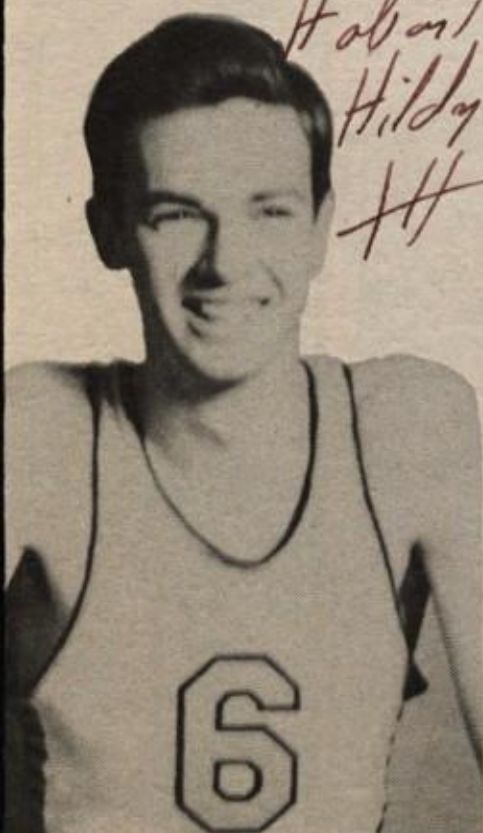

Honors went to Tom Hardy, center, and Orbon Tice, guard, who were nominated to the All-Ark Valley team. Hardy was also on the third All-State team and was third high in the Valley's individual scoring behind Rogers and Barrett, both of Wellington.

RESERVES PROVIDE PRELIMINARIES TO VALLEY GAMES

MANY exciting preliminaries to the all important Valley games were provided by Hutchinson's second team under the coaching of Norvall Neve. The seconds were not as scrappy as their fellow basketeers of the first squad.

Best performances were shown against the El Dorado seconds. The first game was won at El Dorado, 26-16, by the Hutch five, and the second, 27-29. The junior squad members were Gene Ackerman, Byron Batthauer, Jimmie Conklin, Clinton Ehrlich and John Oswald. Sophomores were Hal Davis, Richard Mercer, Ronnie Mercer, Gene Unruh, Sharyl Voss, and Bill Wall.

After a lapse of 15 years the junior high schools returned to interscholastic basketball. Both Sherman and Liberty junior high combined into a single squad. Within that squad there are two teams, one of freshmen and the other of seventh and eighth graders.

These Hawks of the future lost to only one team, Newton. They won from Nickerson, Burrton, McPherson and Buhler. Fotopolus and Ediger were the sharpshooters of the Hawklets. The other team mates were Cairns, Hatcher, Estes, Forney, Myer, Wiley, Glaze, Tankersley, and Leffel. The graders were Jung, Kimbell, Noyes, Collins, and Grover.

Hardy helps Tice with the winning basket. Hawks won 25 to 23.

NINE LETTERMEN STRENGTHEN '46 SALT HAWK CINDER SQUAD

STRENGTHENED by nine lettermen returning from last year's squad and a host of promising underclassmen, Coach C. E. Seshier scheduled seven meets for the Gold and Blue tracksters to attend during the 1946 season. Lettermen returning from last year were Bill Bond, Dick Martindell, Chester Richards, Bob Arbuckle, Gene Ackerman, Johnny Oswald, Talton Pace, Jack Ludwig.

In the opening meet of the year at Sterling College, April 5, Hutchinson and Salina tied for third behind the traditionally strong representatives from Wichita East and Wichita North. East tallied 71½ points, North scored 55½ and Hutchinson and Salina each earned 33½. Bill Bond, '46 track captain, led the Gold and Blue spikeesters in individual scoring with 10¼ points.

Boys and events in which they placed at Sterling were as follows: 100-yd. dash—B. Bond, first, J. Ludwig, fourth; 220-yd. dash—B. Bond, second, J. Ludwig, fifth; 440-yd. dash—J. Oswald, fourth; 880-yd. run—J. Farney, fifth; mile run—C. Richards, third; javelin—D. Upson, third; broad jump—B. Wall, third, P. Gordon, fifth; high jump—T. Maupin, tie fifth; 880-yd. relay—(J. Ludwig, B. Wall, T. Maupin, B. Bond), first; medley relay—third.

Other team members and events in which they participated were A. Bishop, 880-yd. run; D. Richards, mile run; M. Evans, low hurdles; R. Zumalt, shot; T. Pace, shot, javelin, and discus.

At Wichita University, April 12, the Hutchinson squad again took third place honors with 37½ points behind Wichita East with 76 and Wichita North with 51 points.

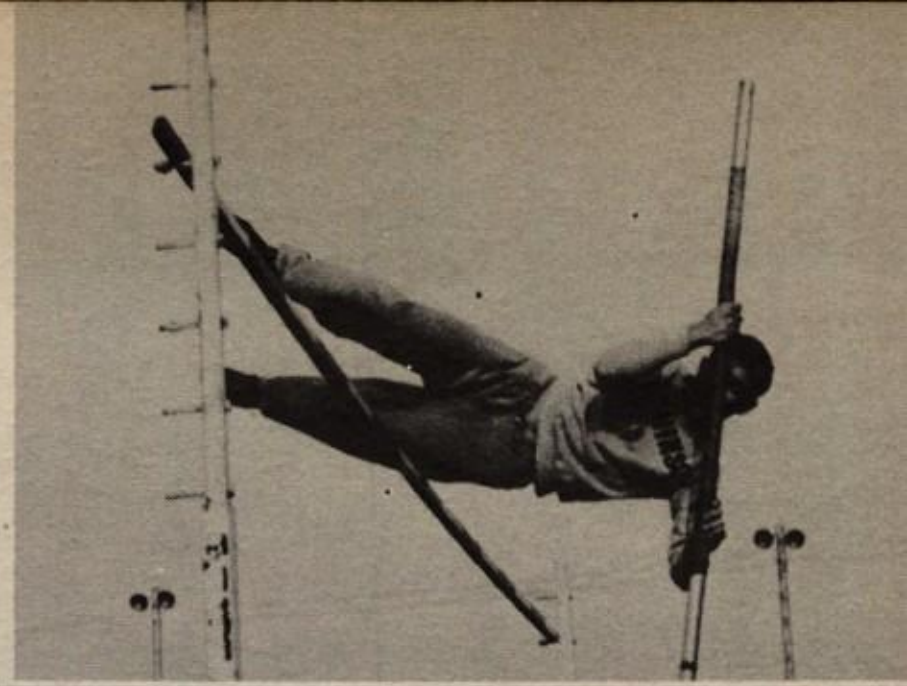

Bond ran second in the 100-yd. dash and first in the 220-yd. dash to top individual scoring. Boys who earned points at Wichita but not at Sterling were B. Howerton, second in high jump; F. Hooper, tied for second in pole vault; T. Pace, fourth in shot put; and M. Evans tied for fifth in low hurdles.

As this was the first time this meet was held all first places were records for athletes to go by next year. Three of these records are held by Hutchinson trackmen. The records are 220-yd. dash, B. Bond, time :23.9; half mile relay, time 1:34.7; and high jump, T. Maupin, height five feet nine and one-half inches.

Showing lots of promise in their first year out for track were T. Maupin, P. Gordon, B. Wall, sophomores, and B. Farney, freshman. All of these boys earned points at Sterling and Wichita and showed that they intended to stay among the best.

Other meets which the team attended were:
 Kansas University Relays . . . April 19 At Lawrence
 Hutchinson Invitational . . . April 27 At Hutchinson
 Ark-Valley Relays May 3 At Wichita
 Regional Meet May 10 At Hutchinson
 State Meet May 17 At Wichita

TENNIS SQUAD USES UNDERCLASSMEN

MADE UP of underclassmen, the 1946 tennis squad participated in thirteen meets.

Losing the first meet to Stafford on April 2, the netmen showed great promise for the rest of the season and for the coming years. Squad members are Tommy Cairns, Gene Fotopoulos, freshmen; Hal Davis, Richard Mercer, sophomores; and Ronnie Linscheid and Jerry Betts, juniors.

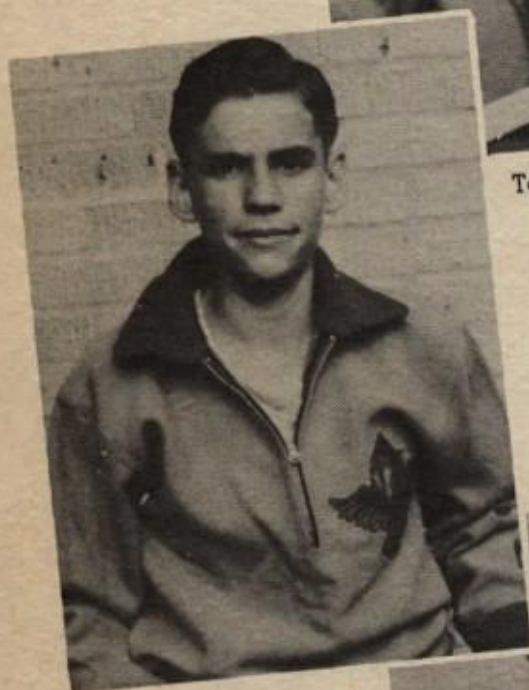

Tennis schedule was as follows: Stafford, April 2, there; Sterling, April 11, here; East, April 12, there; Kiowa, April 13, at Kingman; Salina, April 16, there; North, April 19, there; Triangular meet with Salina and Winfield, April 20, at Wichita; Regional, May 10, here; State, May 17, at Topeka.

INTRAMURAL SPORTS DEVELOP BETTER SPORTSMANSHIP

STRIVING for still better sportsmanship and keener competition, Coach Norvall Neve's gym classes were kept busy all year with events such as volleyball and basketball, stressing team coordination, and boxing and wrestling, stressing individual ability.

Wild scramblings and hoarse-voiced yells highlighted the volleyball tournament that started the year and ended the first week in November.

Team captains either volunteered or were chosen by Coach Neve. Every class played a single round robin with teams volleying and serving their way to championship in the eight classes.

After putting the ball over the net, classes changed their strategy and started putting the ball through the iron hoop. The game was basketball, but the boys said that at times, it bore little resemblance to the original game.

A regular schedule of basketball was started early in November with the teams under new captains. Statistics were kept, and the losing teams took laps as an added incentive for winning. Bob Coleman was the hottest player making 23 points during a single ten-minute game. His team mates were also the highest scoring five as they racked up 34 points in one game. The regularly scheduled tourney came to a close the week after Christmas.

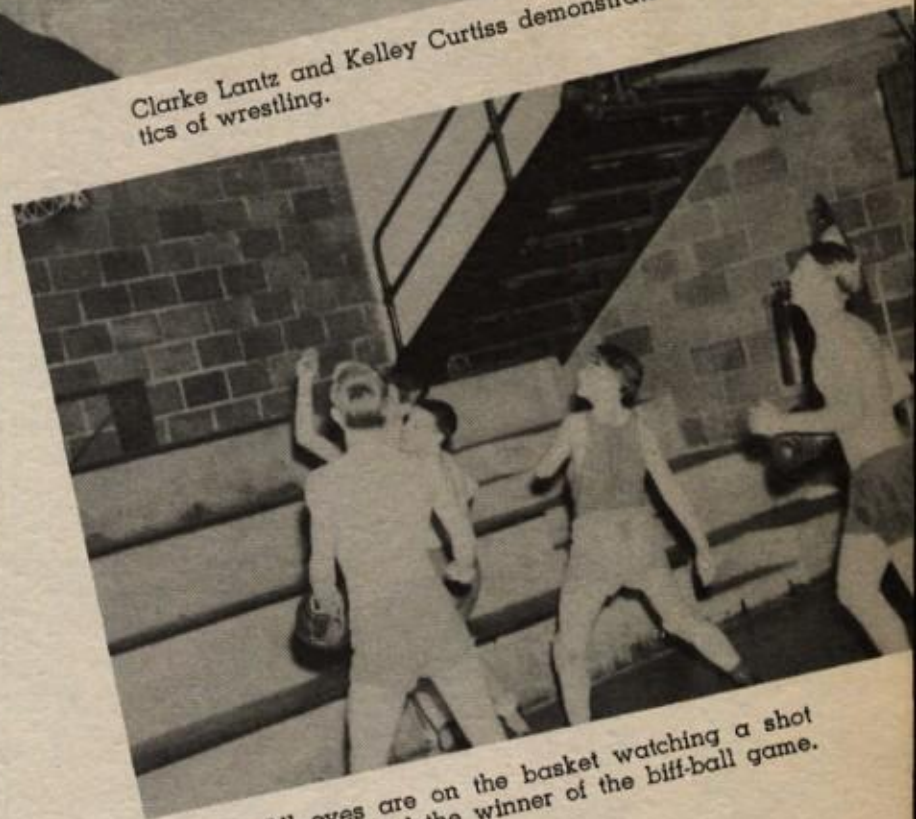

Boxing started the second semester with a bang. The bang landed sometimes on the chin or stomach, but usually it went wild. The gym students were divided into weight classes and boxed only boys of their own weight. The bouts were three two-minute rounds with referee, judges and time-keepers as officials. The boxing gloves were put away during the third week in February.

With the gloves out of the way, the would-be Jack Dempseys started trying to make a name for themselves as wrestlers. With the same procedure as used in boxing, the wrestlers finished late in March.

With spring well on its way and the end of the year just around the corner, Coach Neve started toning the boys' muscles with work on tumbling, apparatus, and the ropes. After the days became warmer, marching replaced the indoor work. Almost any day a husky-voiced "Hep Hep" could be heard accompanied by the steady cadence of a group of marching gym students.

Clarke Lantz and Kelley Curtiss demonstrate the tactics of wrestling.

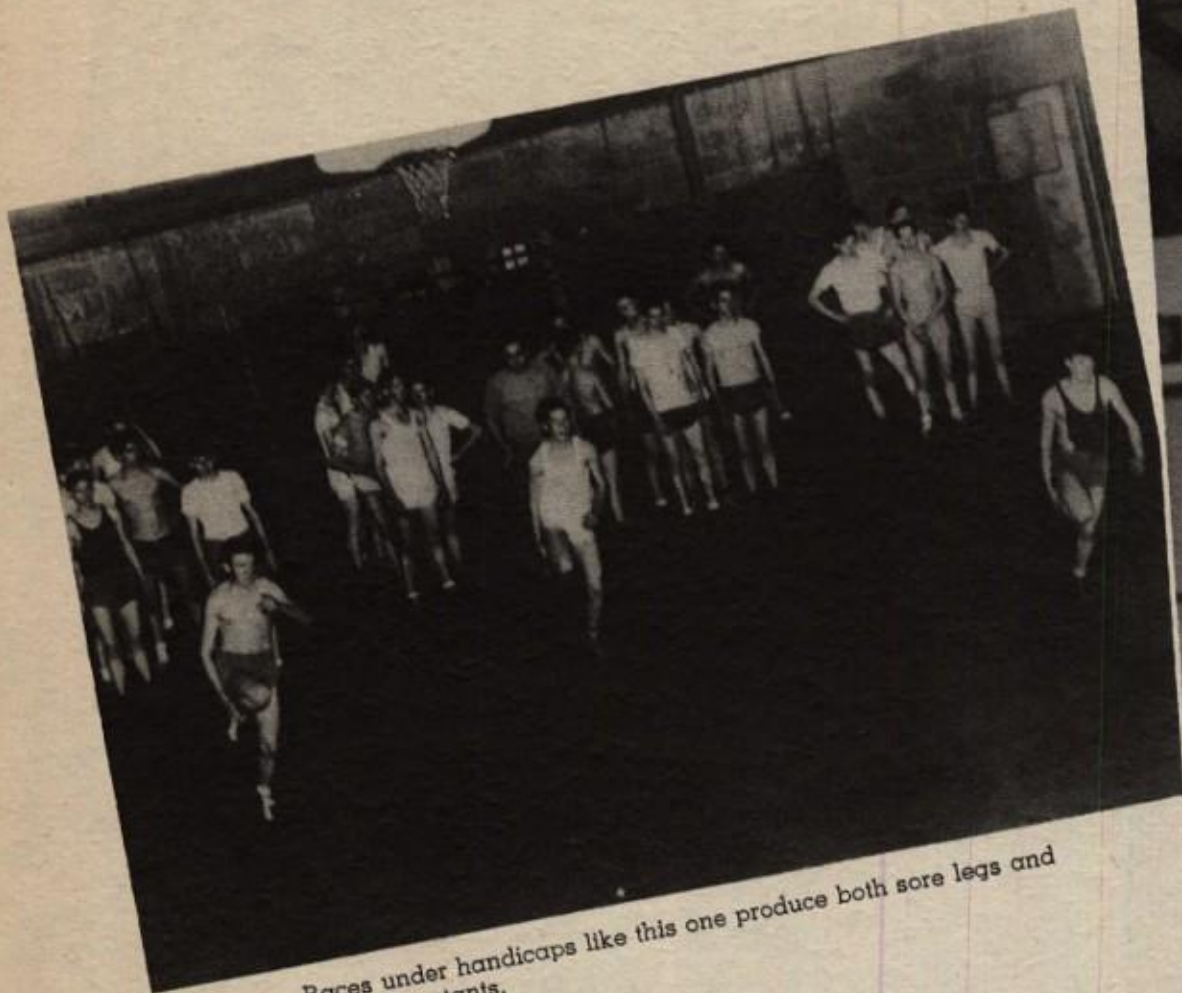

All eyes are on the basket watching a shot that decided the winner of the bluff-ball game.

point between the posts.

Failing to continue their winning, the seniors fell to
the short side of the score when the juniors won 2-0 on
the following day. Barbara Osborn and Madelyn White
shared the honors for the feds of '47 by scoring one each.

CHEERLEADERS

ZACK FARHA — Cheerleader for the second time and head of the cheering squad is our boy Zack. He's cheerful, friendly with plenty on the ball and a bright (?) remark for every occasion.

Traffic is tied up while the pepsters make with the cheers at a down town rally.

DOROTHY O'CONNOR One sweet gal is Dottie or "Pudge" as she is known to her friends. A cheery word and smile greets everyone who meets her. As peppy and cute as they come, she really sends those yells.

EARL HANES — This senior lad certainly went places this year, and rightly so, too. He's well liked and gets along with everybody. The fact that this season's pep team is the best in years is due as much to his help as to the others.

Our cheerleaders formally present one of the new formations looked up this year.

Mama
Here is wishing you
happiness and joy to last
you as long as possible,
as long as you keep smiling,
and you chin up
Earl Hanes

DUANE WILSON—'Ye olde personality kidde' is Duane, and on him it looks good. He's as effervescent as seltzer water and has an eye for the women too. As Duane's only a junior, he will be lighting up the halls with that smile next year too.

SALLY PEGUES—An all 'round good fellow is our gal Sal. She's sweet, and a lot of fun too. Sally has been the guiding spirit in many school activities (remember those G.A.A. programs) and H.H.S. will surely lose a leader this spring.

MARIANNE GEAR—As far as looks and personality go, Marianne is second to none. (Just ask Gene if you don't believe us.) Her enthusiasm and sparkle always add a lot to anything she decides to take part in.

The cheering squad giving with the ol' pep at Gowan's stadium.

EDDIE MACKLIN—A bit quieter (ha!) than the others but with a definite gleam in his eye is Eddie. Following in his sister's footsteps, 'Mack' is doing a wonderful job of leading the Hawks to greater victories.

*lots of luck to you
Eddie*
